Instruction Forms (the “VIFs”). Consents are being solicited from each person in whose name beneficial ownership of an issue of ETNs was recorded as of 5:00 p.m., Eastern Standard Time, on the respective record date for the Consent Solicitations, which was January 28, 2014 for the Coffee ETNs and November 8, 2013 for all issues of ETNs other than the Coffee ETNs.

The Consent Solicitation will now expire on July 31, 2014, or such earlier date (the “Effective Time”) on which the approval of holders of a majority in aggregate principal amount (the “Required Consents”) of a particular issue is received and Barclays declares the Proposed Amendment to be effective for such issue. Barclays may terminate or extend the Consent Solicitation at any time in its sole discretion.

If the Required Consents are received for an issue of ETNs in accordance with the Consent Solicitation Statements, the Proposed Amendment would amend the terms of that issue to provide Barclays with the following unqualified rights as of the date on which the Proposed Amendment is made effective:

- the right to redeem all, but not less than all, of the outstanding ETNs of that issue of ETNs, prior to maturity, on the terms described in the Consent Solicitation Statements; and
- the right to initiate a split or reverse split of the ETNs of that issue on the terms described in the Consent Solicitation Statements.

In addition, if the Required Consents are received for an issue of ETNs in accordance with the Consent Solicitation Statements, the Proposed Amendment would also amend the terms of that issue as follows:

- The investor fee for that issue of ETNs would be reduced during the period from the Effective Time of the Proposed Amendment for that issue to the maturity date of the ETNs of that issue. The reduced investor fee would be an amount equal to 0.70% per annum times the principal amount of a holder’s ETNs times the relevant index factor, calculated on a daily basis. The current investor fee is an amount equal to 0.75% per annum times the principal amount of a holder’s ETNs times the relevant index factor, calculated on a daily basis.
- The minimum number of ETNs of that issue required to be redeemed for a holder to exercise its right to redeem ETNs of such issue prior to maturity will be reduced from 50,000 ETNs to 30,000 ETNs.

The Proposed Amendment for each issue of ETNs cannot be partitioned and will take effect as a single proposal if all conditions are met. If any conditions fail to be met for any issue of ETNs, none of the amendments listed above will become effective for that issue.

Under the indenture relating to the ETNs, the Depository Trust Company (“DTC”), as registered holder of the ETNs, must deliver (and not revoke) valid Consents in respect of at least a majority in aggregate principal amount of the outstanding ETNs of an issue to approve the Proposed Amendment with respect to that issue. For purposes of the Consent Solicitation, DTC has provided an omnibus proxy to the financial institutions acting as participants in its system to submit Consents on its behalf and such financial institutions have, in turn, provided proxies to Broadridge Financial Solutions, Inc. (“Broadridge”) to submit Consents on their behalf after soliciting and obtaining consent to the Proposed Amendment from the beneficial owners of the ETNs.

The process for vote submission described in the Consent Solicitation Statements allows beneficial owners of the ETNs to submit their Consents to the Proposed Amendment to Broadridge, which has been engaged by Barclays as the solicitation agent and tabulation agent for the Consent Solicitation. The Consent Solicitation is subject to the terms and conditions of the Consent Solicitation Statements and the VIFs, including with respect to the timing for delivering Consents and the effectiveness of the Proposed Amendment.

None of Barclays, Broadridge, The Bank of New York Mellon (in its capacity as indenture trustee for the ETNs) or any of their respective subsidiaries or affiliates makes any recommendation as to whether beneficial owners of the ETNs should deliver Consents to the Proposed Amendment pursuant to the Consent Solicitation, and no one has been authorized by any of them to make such a recommendation. The Consent Solicitation Statements and the VIFs, which contain important information regarding the terms and conditions of the Consent Solicitation and the respective rights and obligations of Barclays and the beneficial owners of the ETNs, should be read before any decision is made with respect to the Consent Solicitation.

Any questions or requests for assistance concerning the Consent Solicitation may be directed to Broadridge, the solicitation agent and tabulation agent for the Consent Solicitation, at the following address and telephone number:

An investment in the iPath ETNs described herein (the “ETNs”) involves risks. Selected risks are summarized here, but we urge you to read the more detailed explanation of risks described under “Risk Factors” in the applicable prospectus supplement and pricing supplement.

You May Lose Some or All of Your Principal: The ETNs are exposed to any decrease in the level of the underlying index between the inception date and the applicable valuation date. Additionally, if the level of the underlying index is insufficient to offset the negative effect of the investor fee and other applicable costs, you will lose some or all of your investment at maturity or upon redemption, even if the value of such index has increased. Because the ETNs are subject to an investor fee and any other applicable costs, the return on the ETNs will always be lower than the total return on a direct investment in the index components. **The ETNs are riskier than ordinary unsecured debt securities and have no principal protection.**

Credit of Barclays Bank PLC: The ETNs are unsecured debt obligations of the issuer, Barclays Bank PLC, and are not, either directly or indirectly, an obligation of or guaranteed by any third party. Any payment to be made on the ETNs, including any payment at maturity or upon redemption, depends on the ability of Barclays Bank PLC to satisfy its obligations as they come due. As a result, the actual and perceived creditworthiness of Barclays Bank PLC will affect the market value, if any, of the ETNs prior to maturity or redemption. In addition, in the event Barclays Bank PLC were to default on its obligations, you may not receive any amounts owed to you under the terms of the ETNs.

Market and Volatility Risk: The prices of physical commodities, including the commodities underlying the index components, can fluctuate widely due to supply and demand disruptions in major producing or consuming regions. Additionally, the market value of the ETNs may be influenced by many unpredictable factors including changes in supply and demand relationships, governmental policies and economic events.

A Trading Market for the ETNs May Not Develop: Although the ETNs are listed on NYSE Arca, a trading market for the ETNs may not develop and the liquidity of the ETNs may be limited, as we are not required to maintain any listing of the ETNs.

No Interest Payments from the ETNs: You may not receive any interest payments on the ETNs.

Restrictions on the Minimum Number of ETNs and Date Restrictions for Redemptions: You must redeem at least 50,000 ETNs (30,000 ETNs if the Proposed Amendment is accepted for an issue) of the same issue at one time in order to exercise your right to redeem your ETNs on any redemption date. You may only redeem your ETNs on a redemption date if we receive a notice of redemption from you by certain dates and times as set forth in the pricing supplement.

Uncertain Tax Treatment: Significant aspects of the tax treatment of the ETNs are uncertain. You should consult your own tax advisor about your own tax situation.

Barclays Bank PLC has filed a registration statement (including a prospectus) with the SEC for the offering to which this communication relates. Before you invest, you should read the prospectus and other documents Barclays Bank PLC has filed with the SEC for more complete information about the issuer and this offering. You may get these documents for free by visiting www.iPathETN.com or EDGAR on the SEC website at www.sec.gov. Alternatively, Barclays Bank PLC will arrange for Barclays Capital Inc. to send you the prospectus if you request it by calling toll-free 1-877-764-7284, or you may request a copy from any other dealer participating in the offering.
