Barclays Announces Reminder on Offers and Sales of U.S. ETNs into the European Economic Area

New York, June 13, 2018 – Barclays Bank PLC (“Barclays”) issued a reminder notice today that exchange-traded notes issued by Barclays and listed on a U.S. exchange (“U.S. ETNs”) are not intended for sale into the European Economic Area (“EEA”). The European Packaged Retail and Insurance-based Investment Products Regulation (EU) No. 1286/2014 (as amended from time to time, the ‘**PRIIPs Regulation**’) requires that a key information document (“KID”) be prepared in respect of any offer of a Packaged Retail and Insurance-based Investment Products, which would include the U.S. ETNs, to a retail investor in the EEA.

Barclays has not produced a KID in respect of any issuance of U.S. ETNs and does not plan to do so. Therefore, the ETNs are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in the EEA. Because no KID has been prepared in respect of the U.S. ETNs, offering or selling any U.S. ETNs or otherwise making them available to a retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The ETNs are riskier than ordinary unsecured debt securities and have no principal protection. The ETNs are unsecured debt obligations of the issuer, Barclays Bank PLC, and are not, either directly or indirectly, an obligation of or guaranteed by any third party. **An investment in the ETNs involves significant risks, including possible loss of principal, and may not be suitable for all investors. For more information on risks associated with the ETNs, please see "Selected Risk Considerations" below and the risk factors included in the relevant prospectus.**

The prospectus relating to each series of ETNs can be found on EDGAR, the SEC website at: www.sec.gov, as well as on the product website at the links listed in the respective press release for the relevant series. Barclays Bank PLC is the issuer of iPath® ETNs and Barclays Capital Inc. is the issuer’s agent in the distribution.

For further information, please instruct your broker/advisor/custodian to email us at etndesk@barclays.com or alternatively, your broker/custodian can call us at: 1-212-528-7990. iPath ETN related press releases can be found at: www.ipathetn.com/pressreleases.

An investment in the ETNs described herein involves risks. Selected risks are summarized here, but we urge you to read the more detailed explanation of risks described under “Risk Factors” in the applicable prospectus supplement and pricing supplement.

You May Lose Some or All of Your Principal: The ETNs are exposed to any change in the level of the underlying index between the inception date and the applicable valuation date. Additionally, if the level of the underlying index is insufficient to offset the negative effect of the investor fee and other applicable costs, you will lose some or all of your investment at maturity or upon redemption, even if the value of such index has increased or decreased, as the case may be. Because the ETNs are subject to an investor fee and any other applicable costs, the return on the ETNs will always be lower than the total return on a direct investment in the index components. **The ETNs are riskier than ordinary unsecured debt securities and have no principal protection.**

Credit of Barclays Bank PLC: The ETNs are unsecured debt obligations of the issuer, Barclays Bank PLC, and are not, either directly or indirectly, an obligation of or guaranteed by any third party. Any payment to be made on the ETNs, including any payment at maturity or upon redemption, depends on the ability of Barclays Bank PLC to satisfy its obligations as they come due and is subject to the exercise of any U.K. Bail-In Power by the relevant U.K. resolution authority under the U.K. Banking Act 2009, as amended and the Financial Services and Markets Act 2000. As a result, the actual and perceived creditworthiness of Barclays Bank PLC will affect the market value, if any, of the ETNs prior to maturity or redemption. In addition, in the event Barclays Bank PLC were to default on its obligations or become subject to the exercise of any U.K. Bail-In Power (or any other resolution measure) by the relevant U.K. resolution authority, you may not receive any amounts owed to you under the terms of the ETNs.

Issuer Redemption: If specified in the applicable prospectus, Barclays Bank PLC will have the right to redeem or call the ETNs (in whole but not in part) at its sole discretion and without your consent on any trading day on or after the inception date until and including maturity.

A Trading Market for the ETNs May Not Develop: Although the ETNs are currently listed on a national securities exchange, a trading market for the ETNs may not develop and the liquidity of the ETNs may be limited, as we are not required to maintain any listing of the ETNs.

No Interest Payments from the ETNs: You may not receive any interest payments on the ETNs.

Restrictions on the Minimum Number of ETNs and Date Restrictions for Redemptions: Except in the circumstances described above, your right to redeem your ETNs on any redemption date may be subject to a requirement that you redeem a certain minimum number of ETNs of the same series. You may only redeem your ETNs on a redemption date if we receive a notice of redemption from you by certain dates and times as set

forth in the pricing supplement.

Uncertain Tax Treatment: Significant aspects of the tax treatment of the ETNs are uncertain. You should consult your own tax advisor about your own tax situation.

The ETNs may be sold throughout the day on the exchange through any brokerage account. Commissions may apply and there are tax consequences in the event of sale, redemption or maturity of ETNs. **Sales in the secondary market may result in significant losses.**
